Gerflor is proud to be an integral part of the cutting edge new \$100 million Medibank headquarters, Thrive, in Melbourne's Docklands.

Almost 2800 square metres of striking flooring from the Taralay Premium range feature in this showcase of innovative workplace planning and design.

Certified to the highest level possible for resilient flooring under Green Tag, Taralay combines environmental and low maintenance features with a stunning macaron palette of unique, fresh colours.

Designed by HASSELL for developer Cbus Property, Thrive epitomises the ideal workplace. According to HASSELL Melbourne Managing Principal, Ingrid Bakker, the building is a landmark on the Melbourne skyline and great place for Medibank employees and other tenants to work.

Ms Bakker said "They want a building that promotes employee health and encourages healthy lifestyles, a workplace that serves as an exemplar of a healthy work environment".
